4 Scrum Meetings

4.1 openETCS Grooming

- Backlog Grooming Session
Grooming took place. Results are visible in the updated backlog:
<https://github.com/openETCS/product-backlog>

4.2 WP6: Dissemination

No meeting today.

4.3 WP5: Demonstration

- Activities

Further meetings are planned for integration of openETCS software to GE- hardware. The topic "runtime environment" was briefly touched and will be clarified.

The Other issues left is the usage of ERSa-API or scade-model-API by the integration.

4.4 WP4: Validation & Verification

- Activities

last Thursday the Telco On Testing was taking place from 10:00 am to 11:30. The last week regular scrum verification stand-up meetings on Monday, Tuesday and Wednesday took place from 09:00 am to 09:30.

4.5 WP3: Modelling

- WP3 Activities

ManageTrackside modul is complete now. integration model currently can not be simulated with SCADE. (ERROR 8) the possibility of integrating several modules as C code will be examined.

4.6 WP7: Toolchain

- Activities

SysML2B translator still does not work in Luna. The machines are generated but input/output operations and associated scheduling operations are missing

4.7 PMB: Project Management Board

In the second half of November, a meeting is planned in Munich.

Exploitation Plan of openETCS's results for different partners was discussed and options of cooperation after the completion of the project.

5 Notes
